Precision Blue plans are products of HMO Louisiana, Inc., a subsidiary of Blue Cross and Blue Shield of Louisiana. Both companies are independent licensees of the Blue Cross and Blue Shield Association.

# BEFORE YOU CONTINUE...

## **Precision Blue is a Select Network product. Members have access to Franciscan Missionaries of Our Lady Health System (FMOLHS), Affinity Health Group and other participating providers.**

Select Network products have become the go-to health insurance solution for many individuals and families. That's because they offer big cost savings and high quality, coordinated care in your community. Please read this guide and talk with an agent before buying Precision Blue to make sure this is the right health plan for you and your family.

### **Top Quality Doctors**

Blue Cross and Blue Shield of Louisiana partners with major healthcare systems and providers to give Select Network members access to a full network of top quality primary care doctors, specialists, hospitals and clinics in your local community.

### **Lower Premiums**

Top quality primary care doctors coordinate care, allowing members with Select Network plans to have better health outcomes and lower costs.

### **Care Close to You**

Our defined networks of healthcare providers focus on offering care that's close to members' homes and work.

### **Excellent Benefits**

Select Networks offer members in-network and out-of-network benefits and all essential health benefits, including comprehensive major medical and prescription drug benefits. Telehealth, zero-dollar drug program and cost transparency services are available to improve member health and experience.

### **Innovative Care Programs**

Select Network members can take part in wellness and care management programs with health coaching, education and hands-on support to help members with chronic conditions or serious illnesses get stronger.

## It is a perfect fit for some, and not for others.

### **Precision Blue may be a good fit if you:**

- Are willing to seek care from high-quality providers in a defined network in exchange for lower premiums.
- Are willing to choose a primary care provider and work with them to get the most value from your plan.
- Are willing to check our provider directory at [bcbsla.com/precision-blue](http://bcbsla.com/precision-blue) before a doctor visit or hospital stay to find providers in the Precision Blue network.

### **You may want to look at other types of health plans if you:**

- Are willing to pay higher monthly premiums to have a broader network and avoid unexpected out-of-pocket expenses
- Need to seek care outside of the Precision Blue network

### **Blue Cross and Blue Shield of Louisiana and HMO Louisiana, Inc. are Qualified Health Plan Issuers on the Health Insurance Marketplace.**

If there is any discrepancy between the information in this brochure and the policy, the policy prevails. Premium will vary with the level of benefits chosen. For complete information, please refer to the policy.

Benefits are based on allowable charges. Allowable charge is defined as the lesser of the billed charge or the amount established or negotiated by Blue Cross and Blue Shield of Louisiana and HMO Louisiana, Inc. as the maximum amount allowed for all provider services covered under the terms of the policy.

NOTICE: HEALTHCARE SERVICES MAY BE PROVIDED TO YOU AT A NETWORK HEALTHCARE FACILITY BY FACILITY-BASED PHYSICIANS WHO ARE NOT IN YOUR HEALTH PLAN. YOU MAY BE RESPONSIBLE FOR PAYMENT OF ALL OR PART OF ANY FEES FOR THOSE OUT-OF-NETWORK SERVICES, IN ADDITION TO APPLICABLE AMOUNTS DUE FOR COPAYMENTS, COINSURANCE, DEDUCTIBLES AND NON-COVERED SERVICES.

SPECIFIC INFORMATION ABOUT IN-NETWORK AND OUT-OF-NETWORK FACILITY-BASED PHYSICIANS CAN BE FOUND AT [WWW.BCBSLA.COM/HBP](http://WWW.BCBSLA.COM/HBP) OR BY CALLING THE CUSTOMER SERVICE PHONE NUMBER ON YOUR ID CARD.

## Precision Blue: *Get More, Spend Less!*

Your Select Network plan is designed to save you money. In exchange for these savings, you must be willing to seek care from primary care doctors, specialists and local hospitals in your network. There's no correlation between cost and quality – *a limited number of providers doesn't mean limited services*. Select network plans offer the same level of care and benefits as other broader network plans, including emergency room services!

### What's special about Precision Blue?

- **Your network of doctors and hospitals is more defined** than other insurance plans. But you still have a full network of primary care doctors, specialists and other healthcare providers in your area.
- **You have a coordinated care team** of healthcare professionals who talk to each other and help you get the right care in the right place.
- **Staying in-network is very important!** As long as you get care within your Precision Blue network, you will always pay less than if you get care outside of the network.
- **In-network tiering offers more value.** Precision Blue members with copayment plans have two in-network tiers of cost sharing for provider visits: Enhanced Tier 1 and Tier 1. Enhanced Tier 1 includes FMOLHS and Affinity Health Group primary care providers (PCPs) and specialists. For the best value, you will pay the least when you visit PCPs and specialists in Enhanced Tier 1. You will pay more when you visit providers (participating PCPs, specialists and facilities) in Tier 1, and the most when you visit providers who are out of the network. For your convenience, providers are identified by tier in our online provider directory. Please search for participating providers at [www.bcbsla.com/precision-blue](http://www.bcbsla.com/precision-blue).
- **NEW! Precision Blue members have more provider access!** Precision Blue is now available to residents in the Greater Monroe/West Monroe service area. This means all Precision Blue members have expanded access to participating providers in the Greater Monroe/West Monroe and Greater Baton Rouge service area. Please refer to the map in this brochure for a list of parishes in the service area.

# Your Precision Blue Network

The Precision Blue network offers select doctors and hospitals at a lower price than our traditional PPO plans. By visiting only in-network providers, Precision Blue members receive outstanding, coordinated personal care while keeping healthcare expenses as low as possible.

## Precision Blue Service Areas

Precision Blue is available in the Greater Baton Rouge and Greater Monroe/West Monroe areas. You must live in one of these parishes to purchase Precision Blue:

### Greater Baton Rouge

Ascension, East Baton Rouge, Livingston, Pointe Coupee or West Baton Rouge

### Greater Monroe/West Monroe (NEW IN 2022)

Caldwell, Morehouse, Ouachita, Richland or Union

## Precision Blue Doctors and Hospitals

Precision Blue members have access to Franciscan Missionaries of Our Lady Health System (FMOLHS), Affinity Health Group and other participating providers.

**The Franciscan Missionaries of Our Lady Health System** includes Our Lady of the Lake, its nationally recognized medical center and physicians, and many clinical programs and affiliated facilities. St. Francis Medical Center is also part of the FMOLHS. These premier providers are further supported by their participation within **Health Leaders Network**, the accountable care organization dedicated to improving clinical quality, patient experience and lower costs. By partnering for coordinated and personalized care management, these doctors and hospitals are working together to help each member reach his or her ideal health.

**Affinity Health Group, L.L.C.**, a wholly-owned subsidiary of Vantage Health Plan, Inc., is one of the largest group medical practices with over 30 locations in the Monroe area. The physicians, nurse practitioners and physician assistants of Affinity have combined their resources to provide patients enhanced access to quality healthcare. In addition, Affinity has several clinics staffed with professional and certified medical personnel who provide care from a pediatric level to primary care, and many specialties in between.

While the Precision Blue product is offered only in the Baton Rouge and Monroe areas, Precision Blue members may also access Precision Blue network providers located in other parishes.

## Precision Blue Network Providers\*

Precision Blue offers the Greater Baton Rouge and Greater Monroe/West Monroe areas one of the most comprehensive and clinically advanced network of doctors, hospitals and care services. The list below includes some of the key participating providers in Precision Blue, but there are more. The best way to make sure a provider is in-network is to search the online provider directory at [bcbsla.com/precision-blue](http://bcbsla.com/precision-blue):

### Greater Baton Rouge

- [Our Lady of the Lake Regional Medical Center](#)
- [Our Lady of the Lake Children's Hospital](#)

*\*Always check the online provider directory for the most up-to-date providers in each network. Providers are subject to change.*

## Understand Your Plan

Precision Blue offers care from select doctors and hospitals at a lower premium price than our traditional PPO plans. When you choose care within the plan's network, your cost sharing is lower than if you select out-of-network care. Precision Blue offers two tiers of in-network benefits. Here's how it works:

- **Enhanced Tier 1** – Enhanced Tier 1 includes FMOLHS and Affinity Health Group primary care physicians (PCPs) and specialists. For the best value, members on a copayment plan will pay the least when you visit PCPs and specialists in Enhanced Tier 1.
- **Tier 1** – Tier 1 includes FMOLHS, Affinity Health Group and Monroe Surgical Center facilities, as well as in-network participating PCPs and specialists that are not in Enhanced Tier 1. For Precision Blue members on a copayment plan, they will pay more to see a PCP or specialist in Tier 1 than Enhanced Tier 1.

Our online provider directory makes it easy to identify Enhanced Tier 1 and Tier 1 providers. Please visit [www.bcbsla.com/precision-blue](http://www.bcbsla.com/precision-blue).

## Selecting a Primary Care Provider

Precision Blue is designed with an innovative, coordinated care model at its core. For this reason, you must pick a primary care provider (PCP) in your network to handle most of your medical needs when sick or injured. This is a doctor practicing in General Practice, Family Practice, Internal Medicine or Geriatrics for adults, or Pediatrics for children. You may also select a Nurse Practitioner (NP) or Physician Assistant (PA) as your PCP if he or she is set up in our system as a network primary care provider.

You must choose a PCP. If you do not choose a PCP, one will be chosen for you. You can change your PCP at any time by logging onto your account at [www.bcbsla.com/login](http://www.bcbsla.com/login) or by calling Blue Cross Customer Service at the number on the back of your ID card.

## What Is Coordinated Care?

One of the main benefits of a Select Network plan is the coordinated care you'll receive. This means that all of your healthcare professionals will be working as a team to give you the right care, at the right time, in the right places to keep you healthy.

When you use in-network Precision Blue providers, your doctors and hospitals work together on your behalf to organize your care. This can result in better health outcomes and lower costs.

Coordinated care works best when you work with your doctors as an equal partner. With Precision Blue, you will get the best care when:

- You choose a primary care provider (PCP) in the Precision Blue network whom you will see when you're sick or injured.
- You take a Wellness Assessment, which will help your care team get a full picture of your overall health.
- You are proactive about your health by:
  - Seeing your in-network primary care doctor regularly
  - Following your care plans and getting routine exams, checkups and tests
  - Taking medicines as they are prescribed to you
  - Taking advantage of the preventive and wellness services included in your plan at no additional cost to you
  - Letting your PCP know when you see other doctors

# Quality Blue Primary Care

Through our Quality Blue Primary Care (QBPC) program, we share data and information with your in-network doctors enrolled in the program to help them give you focused care. This program continues to bring great results for patients, particularly those with chronic conditions.

## What is better with our Quality Blue Primary Care program?

- **Health coaching**

If you have a condition such as high blood pressure, diabetes, heart disease or chronic kidney disease, you may receive helpful calls and extra attention from our Blue Cross nurses between your doctor's appointments to help you stay healthy.

- **Reminders/Appointments**

Doctors will have more information about members' health history and may send notices about screenings, shots or tests they should have.

QBPC is part of any Blue Cross member's benefits. Check out [www.bcbsla.com/myQBPC](http://www.bcbsla.com/myQBPC) to learn more about how this program helps you.

## Is my doctor in Quality Blue Primary Care?

Look up your doctor's name in the Precision Blue network directory at [www.bcbsla.com/precision-blue](http://www.bcbsla.com/precision-blue). QBPC doctors have a [  ] next to their names.

## Your Cost Share

These are the terms you need to know to help you understand your plan.

- **Premium**

A premium is the monthly payment you have to pay for your plan.

- **Copayment**

If your plan has a copayment, or “copay,” this means that you pay a set dollar amount, or flat fee, for some kinds of care, such as at your doctor’s office or pharmacy. Your copayment will be a lower amount for a primary care doctor and higher for specialists.

- **Deductible**

If you choose a plan with a deductible, this is the amount you must pay up front before your insurance pays for your care. If your plan also has copayments, these copays will not count toward your deductible. Your plan may have an in-network deductible and a separate out-of-network deductible.

- **Coinsurance**

Once you’ve paid your deductible, you’ll pay a set percentage, or coinsurance, for your care. You will pay the lowest coinsurance amount when you stay in-network for care.

- **Maximum Out-of-Pocket**

What you pay toward your medical and pharmacy deductibles, copayments and coinsurance applies to your maximum out-of-pocket. Once you’ve reached your maximum out-of-pocket, your insurance will pay 100% of the cost of covered care for the remainder of the calendar year. A separate out-of-pocket-maximum will apply for services you receive out of your network.

# What All Individual Qualified Health Plans Cover

All individual Blue Cross qualified health insurance plans meet the rules set by the healthcare reform laws. Any plan you buy will offer key benefits and services, including:

## Essential Health Benefits

- **Office visits**  
A visit to your doctor's office.
- **Prescription drugs**  
Drugs prescribed by a doctor to treat an acute illness, like an infection, or an ongoing condition, like high blood pressure.
- **Preventive and wellness services and chronic disease management**  
These services include routine physicals, screenings and immunizations. Chronic disease management is an integrated approach to manage an ongoing condition, like asthma or diabetes.
- **Hospitalization**  
Care you receive as a patient in a hospital.
- **Emergency services**  
Care for conditions which, if not immediately treated, could lead to serious disability or death.
- **Lab tests, blood work, X-rays**  
Testing blood, tissues, etc. from a patient to help a doctor diagnose a medical condition and monitor the effectiveness of treatment.
- **Maternity and newborn care**  
Care provided to women during pregnancy and during and after labor; care for newly-born children.
- **Mental health care and substance use disorder services, including behavioral health treatment**  
Care to evaluate, diagnose and treat mental health and substance use disorder issues.
- **Pediatric dental and vision services**  
All plans include benefits for annual pediatric eye exams, glasses, dental exams, cleanings, fluoride treatment, fillings and oral surgery.
- **Rehabilitation services and devices**  
Services and devices to help people with injuries, disabilities or chronic conditions gain or recover mental and physical skills.

## Preventive and Wellness Benefits

Preventive and wellness services are covered at 100% when you go to a provider in your network. These covered services include annual exams, colonoscopies, mammograms and more. See [www.bcbsla.com/preventive](http://www.bcbsla.com/preventive) for a full list of services that are covered.

## Care Management

Members become stronger with our Care Management programs working for them. We offer care management programs with health coaching, education and hands-on support to help members with chronic conditions or serious illnesses get stronger. With a team of clinical professionals, including doctors, nurses, dietitians, pharmacists and social workers, we educate and encourage members on their journey to optimal health. If you have diabetes, heart disease, other chronic conditions, traumatic injuries or serious illnesses, these programs help guide you through the healthcare system and get the services you need in a timely manner. Visit [www.bcbsla.com/stronger](http://www.bcbsla.com/stronger) to learn more.

## BlueCare: *Get Care from Anywhere!*

Online medical and behavioral health visits are available to members and any dependents who are covered on their plans. All BlueCare providers are U.S. trained, board-certified.

### Medical Visits:

- BlueCare costs less than ER and urgent care centers.
- BlueCare lets you see doctors online, 24/7, to treat non-emergency, common conditions like fever, colds and cough, stomach bugs or pink eye.

### Behavioral Health Visits:

- Online appointments for behavioral health needs are available with BlueCare. Simply log in and schedule a visit with a psychology or psychiatry provider.
- BlueCare behavioral health appointments can be a good service for members who may be experiencing depression, grief, stress, life transitions, anxiety, couples' counseling and more.

Prescription drugs may be prescribed if needed. Prescription availability is defined by physician judgment; certain types of medication may not be prescribed. Before your BlueCare visit, you'll see what it will cost. This depends on your plan type and benefits. You can use any major credit card, and even HSA or FSA cards, to pay for BlueCare. Your card will not be charged until your visit is over.

To sign up, download the free BlueCare app or go to [www.BlueCareLA.com](http://www.BlueCareLA.com) to quickly create your account. Have your Blue Cross ID card number handy.

*BlueCare is powered by Amwell, a vendor that provides the BlueCare telehealth platform for Blue Cross and Blue Shield of Louisiana and its subsidiaries.*

## When you need care, consider your options and costs:

- **Your primary care doctor or specialist** \$\$\$\$

If you are sick or injured, but it's not a life-threatening emergency, call your doctor and set up an office visit. Make sure that your primary care doctor is in your network, as well as any specialists you may see.

- **BlueCare: 24/7 online doctor** \$\$\$\$

With BlueCare telehealth, you can see a doctor online 24/7 for non-emergency, minor illnesses. It's easier, faster and cheaper than ER or urgent care. Visit [www.BlueCareLA.com](http://www.BlueCareLA.com) to enroll and learn more.

- **Urgent care center** \$\$\$\$

If you have an illness or injury that you need to have looked at quickly, but it's not an emergency, urgent care centers have doctors who can treat you. Most urgent care centers have night and weekend hours, and the doctors there can often do X-rays, lab work or stitches. The wait time will be less than in an emergency room, and you can save money. Call ahead to make sure the urgent care clinic is in your network.

- **Emergency room** \$\$\$\$

If you have a life-threatening or serious illness or injury, call 911 or go to the nearest emergency room. When it's a true emergency, your insurance will pay for your care no matter which hospital you choose. However, once you're stabilized, we may ask you to move to a hospital in your network.

Look for these signs to tell whether it's an emergency:

- Fainting or unconsciousness
- Breathing trouble or choking
- Nonstop bleeding
- Coughing or vomiting blood
- Chest pain
- Sudden or severe pain anywhere
- Sudden dizziness

- **Planned stays in the hospital**

**If you go to an in-network hospital:**

As long as you're staying at an in-network hospital and your doctor receives an authorization from us before your stay, then you will get in-network benefits.

**If you go to another hospital that is outside of the network:**

If the hospital is outside of your Precision Blue network, you will need prior authorization to determine whether your stay is medically necessary. You will pay higher out-of-network costs. You may also be balance billed.

- **Lab services**

Precision Blue has a select laboratory network. If you go to a lab in the network, you will pay less than you would for tests done by a lab outside of the network. If you have tests done outside of the network, you may have to pay higher costs, up to the billed charge.

- **Prior authorization**

Some kinds of care, including inpatient and outpatient services and supplies, require a prior authorization from us, which will determine the medical necessity of the service or supply. Your in-network provider will take care of the authorization for you.

For a list of services and supplies requiring prior authorization, please refer to your schedule of benefits.

# Your Prescription Drug Coverage

Prescription drug benefits are included in all plans. A mail order program is also available and highly recommended for lower costs. Drug benefits are managed by Express Scripts.\* To get the most value from your drug benefits, you should take a drug that is covered under your plan.

## Zero Dollar Drug Copay Program

With our \$0 Drug Copay Program, most members can get drugs in the program without worrying about the cost. Not taking needed medicines for chronic health problems can be dangerous and cause lasting health damage.

Members who have an eligible plan can get \$0 Drug Copay Program drugs at no cost share. Go to [www.bcbsla.com/covereddrugs](http://www.bcbsla.com/covereddrugs) for a list of drugs in the program. To find out if you have an eligible plan, call the Customer Service number on your ID card.

## Covered Drug Lists

Your plan has a covered drug list, or formulary, that includes thousands of generic and brand drugs, but not every drug is covered. How much you pay for the drugs on the list depends on the plan you choose and the drug you buy. If you fill a drug that is not on the covered drug list, you could have to pay the full cost of the drug.

### Two things a covered drug list can tell you:

1. If there are other drugs you can take for your health problem that will cost you less.
2. If there are any rules that you must follow before a drug is covered.

## Find out if your drugs are covered before you fill

You and your doctor can check to see if drugs you take are covered at [www.bcbsla.com/pharmacy](http://www.bcbsla.com/pharmacy). If your doctor orders a new drug for you, ask him or her if the drug is on your covered drug list before you go to the pharmacy.

\*Express Scripts, Inc. is an independent company that provides pharmacy benefit management services to Blue Cross and Blue Shield of Louisiana, Inc. and HMO Louisiana, Inc.

**Pay close attention to what your plan has.  
Is it a 2-tier or a 3-tier pharmacy plan?**

This means that your plan has either two tiers of cost for drugs or three tiers of cost for drugs. Drugs in the lower tiers cost less than drugs in the higher tiers. To save the most money, start with a drug in tier 1. If that one doesn't work, you can talk to your doctor about a higher cost drug in a higher tier, and so on.

<b>2-Tier Pharmacy Plans</b>		
Coinsurance will apply once your deductible is met.		
<b>Tier 1</b>	<b>\$</b>	Generic Drugs
<b>Tier 2</b>	<b>\$\$</b>	Brand Drugs

<b>3-Tier Pharmacy Plans</b>		
A separate drug deductible may apply, then copayments or coinsurance.		
<b>Tier 1</b>	<b>\$</b>	Primarily generic drugs, although some brand-name drugs may fall into this category
<b>Tier 2</b>	<b>\$\$</b>	Includes traditional and specialty brands and generics and biosimilars
<b>Tier 3</b>	<b>\$\$\$</b>	Includes traditional and specialty brands and generics and biosimilars and covered compound drugs
